

### **Amendments To The Specification**

Applicants are submitting herewith, a substitute specification.

In the substitute specification all deleted text is shown with a strikethrough and all added text is underlined.

Applicants' attorney has checked the substitute specification and certifies that the substitute specification does not contain any new matter.

### **Amendments to the Drawings**

Filed herewith under separate cover are revised formal sheets of drawings 1-9 containing FIG's 1-11 with changes made in red ink.

Further, enclosed are corrected new ink formal drawings of same incorporating the proposed changes on flexible, strong, white, smooth, non-shiny, and durable paper, which are being filed in place of the original drawings filed in this application.
